# ABSORPTION CHILLER & HEATER

Since the establishment in 1999, world E&C Co.,Ltd are continuing to promote research and development to manufacture and supply more advanced absorption chillers, chiller-heater and doing the best to supply energy-saving and defect free products.

## Absorption Chiller & Heater

# AIR FILTRATION & PRODUCTS SOLUTIONS

As a leading manufacturer of premium clean air solutions, we provide commercial and industrial systems for air filtration and air pollution control that improve worker and equipment productivity, minimise energy use and benefit human health and the environment. We firmly believe that the best solutions for our customers and the best solutions for our planet.

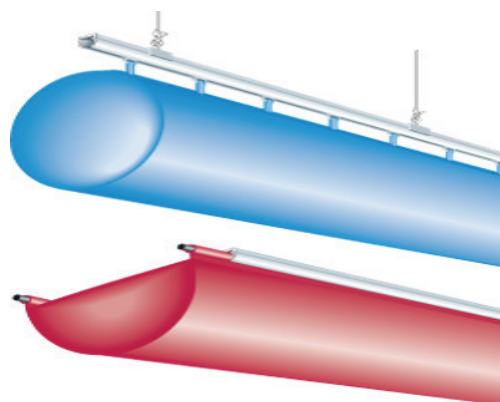

# AIR DUCTS & DIFFUSERS

For over 30 years, ATC has been offering optimized air-diffusion solutions for all types of air-treatment application.

ATC's know-how, recognized both in France and elsewhere, the "AIRNEO by ATC" range is widely approved by the thermal and fluid design offices, refrigeration and air-conditioning installers, heating and cooling engineers, etc.

Opting for ATC products is a guarantee for possessing a top-quality air diffusion system, adapted to end-user requirements.

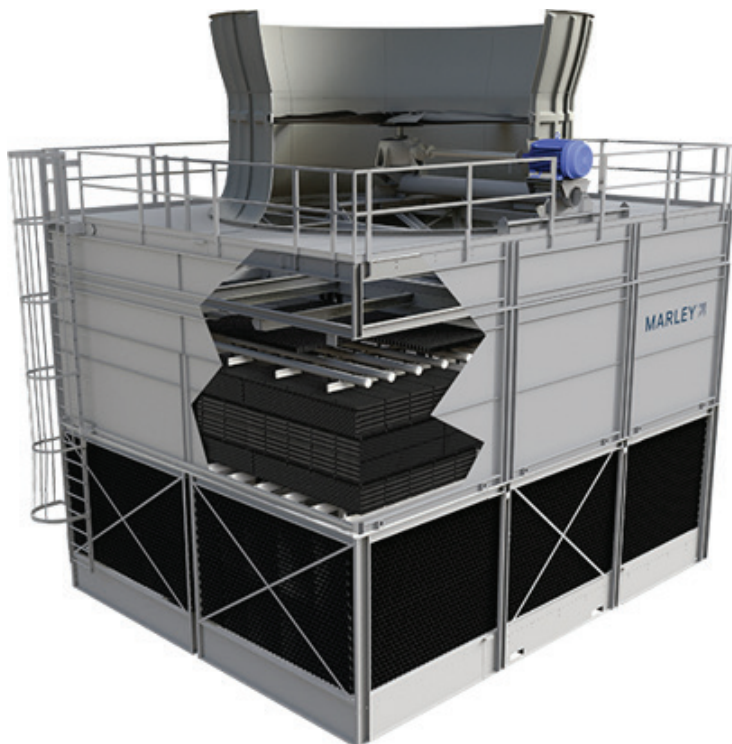

# HVAC DIVISION

## Cooling Towers & Air Cooled Heat Exchanger

We are a leading full-line, full-service cooling tower and air cooled heat exchanger manufacturer. The companies that formed SPX cooling Technologies were founded more than 100 years ago and have more than 250 global patents in the process cooling, industrial, refrigeration, and HVAC markets. With more than 150 offices, subsidiaries, and partners worldwide, we have the global reach and local services necessary to deliver solutions for our customers.

Our corporate headquarters are in overland park, kansas, United States. Customers may know us by one of our trusted name brands: Marley, Recold, SGS, Balcke, Ceramic and many more. We design, manufacture, sell and service these brands, which have become a part of the global SPX cooling technologies family.
